

QEH LEARNING CHARACTERISTICS

These should be read alongside the school values in the School Development Plan.

At Key Stage 3, we expect pupils to develop the following characteristics:

- An enthusiasm to engage
- An awareness of the wider world in which to contextualise their learning
- Responsibility for their own learning
- A collaborative approach Industriousness

At Key Stage 4, we expect pupils to develop these along with the following characteristics:

- Self - reflection
- A critical approach to sources of information
- Resilience in the face of challenge
- Ability to problem-solve
- Reactivity to feedback

At Key Stage 5, all of the above and furthermore:

- Self- understanding
- Creativity and independence
- Tolerance and inclusivity
- Critical thinking
- Intellectual risk-taking

Individual departments have subject specific characteristics that they will also embed.

'Excellent' in all areas
